In order to encourage and assist the timely acquisition of land planned to be utilized in the future for public purposes, the Secretary is authorized to make grants to States and local public bodies and agencies to assist in financing the acquisition of a fee simple estate or other interest in such land.

##### (b) Maximum amount of grants

##### (c) Utilization of land for public purpose within reasonable period of time

No grant shall be made under this section unless the Secretary determines that the land will be utilized for a public purpose within a reasonable period of time and that such utilization will contribute to economy, efficiency, and the comprehensively planned development of the area. The Secretary shall in all cases require that land acquired with the assistance of a grant under this section be utilized for a public purpose within five years after the date on which a contract to make such grant is entered into, unless the Secretary determines that due to unusual circumstances a longer period of time is necessary and in the public interest.

An interim use of the land for a public or private purpose in accordance with standards prescribed by the Secretary, or approved by him, shall not constitute a diversion within the meaning of this subsection.

**(e) Eligibility for other Federal loans or grant programs**

Notwithstanding any other provision of law, no project for which land is acquired with assistance under this section shall, solely as a result of such advance acquisition, be considered ineligible for the purpose of any other Federal loan or grant program, and the amount of the purchase price paid for the land by the recipient of a grant under this section may be considered an eligible cost for the purpose of such other Federal loan or grant program.
